OBJECTIVES

- To increase productivity in a work environment through my expertise of various related software applications and my drive to do things correct the first time.
- To share ideas with other artists to benefit mutually, and to use my own artistic vision to deliver a final product.
- To bring positivism to any workplace and to always have a firm grasp on the project at hand.
- Most importantly, to always put my best foot forward and accomplish whatever the obstacle, project or assignment may be.

EXPERIENCE

- Self-employed
 - 2005 - present
 - Consists primarily of video, design and web work done for various clientele.

EDUCATION

- Savannah College of Art and Design
 - Currently enrolled (Junior Year)
 - Bachelor's in Film and Television
 - Planning to finish Spring 2011
